Benefits of our pricing model

It’s our mission to bring more diversity and inclusivity to the entrepreneurial ecosystem and democratize access to quality support. We’ve worked hard to set an affordable and fair price for the most comprehensive online incubation program out there.

The cost of our incubation program is subsidized.

We believe in opening up resources and making support accessible. This is why we offer a fair and equitable price to entrepreneurs based on a vision that understands global economic realities.

We don’t take any ownership or control in your business venture.

Your business is yours, we’re here to help you bring your business plan down to earth, get a personal mentor, and connect with other founders for advice.

We offer need-based partial financial support to entrepreneurs in vulnerable situations.

On top of subsidizing our program, we also offer the chance for entrepreneurs with specific need-based circumstances to apply for financial aid (a reduction in the program fee).
Financial aid

We believe that entrepreneurial talent is everywhere but opportunities are not. That’s why we’re working hard to bridge that gap. For each of our cohorts, we allocate a limited number of partially-funded financial aid offers that are exclusively need-based, for purely economic reasons only. This corresponds to a reduction in the program fee.

How much support is available?

Currently we do not allocate 100% of the program fee, but we always try to meet your needs as much as possible. On average, 1 out of 4 entrepreneurs benefit from a financial aid that amounts for 40% of the program fee. If you apply for support, it will be assessed and given aid on a case by case basis.

How can I apply for the need based support?

When applying for one of our incubation programs, you must indicate on your application that you would like to be considered for the need based support and we will follow-up with you personally. (More details on how to apply in the following page).
How to apply for financial aid?

If you would like to apply for a deduction in the program fee, you can do so by marking it at the end of your program application. Next, you will receive an email with the specific steps and special link to apply.

- You must submit your application until the deadline shown in the email.
- You will have to provide documentary evidence to support your application.

Who is eligible to apply for financial aid?

✓ **Those requesting financial aid for economic reasons.** Aid can vary depending on your country of origin, residence, and financial background.

✓ **Those who belong to one of our eligible categories.** Refugee, Single parent with low income household, No access to higher education, Personal annual income below 10,000 USD

✓ **Those who can provide documented evidence for their situation.** Some examples of supporting documentation are: bank statements; annual tax statement or benefits statements; other formal documents that proves the described situation.

Currency & accepted means of payment

- You can pay the program fees in Euros and American dollars.
- You will need a credit or debit card to pay for the program fee. (Visa, Mastercard, Maestro, American Express) *
- You will be charged from the first day of incubation, in three monthly payments. ($175 or €150 each month for 3 months)

Cancellation & refunds

You may have the right to request a refund in accordance with our Cancellation and Refund Policy that follows:

- If you are in the first month of your incubation program a partial refund (of 50%) can be granted, but only if you have requested it within the first 3 days after your first payment was made. *
- After the first three days of your incubation program, you may cancel your program at anytime, which will nullify any future payments, but no refund of past payments will be granted.

* If you have been selected to a program and do not own a credit or debit card, contact us at info@bridgeforbillions.org – we’ll review your case individually.

* This partial reimbursement policy reflects the efforts that were taken on your behalf to select and onboard you onto the program, find a mentor for your project, provide support throughout the program, and give you the best experience overall.
The most inclusive and complete incubation program.
